Inside you'll find: • 50 original characters, including the evil Whispy Witch, a flame-inspired villain who can make herself invisible and who possesses shapeshifting abilities • Front, back and action-pose views of all 50 characters with close-ups of important details, like the Conniving Cutie, a mischievous villain whose yellow eyes are reminiscent of a snake and whose hair and clothing emulate snake-like imagery and movement • Advice for developing personality and coloring your creatures, like the dangerous Crusading Crustacean; you'll want to color him red and include details like an impenetrable shell and spiky hair to symbolize his toughness Be inspired to create your own dastardly manga characters!
